Webinars

In 2018, the Astana Declaration on Primary Health Care was developed after global consultation involving experts and civil society, and detailed negotiations between the WHO Member States, WHO and UNICEF developed the Vision for PHC in the 21st Century and the Operational Framework for Primary Health Care to facilitate its implementation. This activit facilitates dissemination of the Declaration of Astana, Vision for PHC in the 21st Century and Operational Framework for PHC, and the forthcoming PHC Monitoring Framework and Indicators to relevant stakeholders to enable their implementation.

Under WHO's leadership and guidance, this WHO Colaborating Centre on Primary Healh Care will develop and conduct a set of webinars to raise awareness on the Operational Framework on PHC, to spread PHC Astana Declaration, Vision, Operational Framework and indicators, and to identify innovative and new models to provide primary care services.
